Office Digital Designing Website Handling

---

## SKILLS:

HTML, CSS, Bootstrap, JavaScript, Tailwind CSS, React JS, Canva, MS Excel, Graphic Design

---

## PROJECTS:

- **Flappy Bing Game:** Flappy Bing is a fun and engaging game, inspired by the classic Flappy Bird game, that is built using HTML, CSS, and JavaScript.
  - **Green Glamour:** Green Glamour is an online interior plant marketplace that allows users to browse and purchase a wide variety of indoor plants, pots, and other accessories. It is developed using React, JavaScript, and Tailwind CSS.
  - **AI Article Summarizer:** The AI Article Summarizer is a web app that uses artificial intelligence (AI) to summarize articles. It helps users quickly grasp the main points of long articles.
  - **Food Sparks Restaurant:** A responsive website built with React and Tailwind CSS that showcases the restaurant's menu, hours of operation, and contact information.
  - **Bank Website:** A responsive website with a clean and modern user interface (UI) that showcases its features on the home page and allows users to contact the creators on the contact page. It is developed with React, JavaScript, and Tailwind CSS.
  - **Dashboard:** A simple dashboard user interface built with React, ideal for building custom dashboards or other complex UI applications. Features: responsive design, dark and light modes, charts and graphs, data tables, cards and panels, modals, and other UI components.
-
